

Electronic Copy Board

Improve collaboration and meetings with the versatile Electronic Copy Board. The Copy Board features a scrolling whiteboard screen that offers two surfaces in one, allowing you to print your written whiteboard notes to the included printer or save them as digital files to a USB stick or computer. This makes it fantastic for saving meetings and brainstorming sessions for future reference. It is available in two sizes, both in a slimline form factor. Wall mounts are included; the mobile stand is available as an optional extra.
