Slimline Frame Porcelain Whiteboard

When quality and style count, our Slimline Frame Porcelain Whiteboard is the industry leading standard. The Slimline Frame Porcelain Whiteboard is aesthetically designed to be minimalist because of its slim frame. The Slimline frame has a 4mm lip in the aluminium profile which covers and protects the cut edge of the porcelain board surface. This board has a clean look due to no visible wall fixings. This whiteboard can create a communication wall with unlimited boards butt joined side by side.
