# Vertiface Slimline Pinboard

The Autex Vertiface Slimline Pinboard is low maintenance and ideal for the office or classroom due to its durable design. Each board is 100% recyclable due to the 100% polyester material. The board face also accepts velcro, which makes it ideal for learning environments. Every board is supplied with a slimline aluminium frame with hidden fixings for a modern look. Mount the board in either portrait or landscape with the unique mounting design. With multiple colours and sizes (including custom) available, you can create the perfect board for your space!
