

SANA LINEA PET ACOUSTIC WALL PANEL 12MM

12mm recycled PET acoustic panel with 7.5mm V-groove detailing, providing architectural texture, echo reduction and improved speech clarity for walls and ceilings.

Product Codes	Refer to below table
Brand	SANA Acoustic
Country of Manufacturer	Australia (with product from China)
Availability	Made to order

Technical Specifications

Product Type	Pattern-front PET acoustic wall panel
Panel Dimensions	2600 x 1200 x 12mm
Thickness	12mm
Material	Polyester fibre containing 60% recycled PET
Surface Profile	90° V-groove detail
V-Groove Recess Depth	7.5mm
Shadow Gap	15mm
Edge Type	Frameless
Mounting Orientation	Dual orientation; portrait recommended due to groove direction
Installation Areas	Wall or ceiling
Acoustic Performance	Supports echo reduction and improved speech clarity
Colour Options	Ash 41, Charcoal 07, Claret 64, Cobalt 27, Denim 02, Flair 11, Frost 03, Heather 23, Horizon 20, Marine 49, Moonlight 12, Mushroom 51, Mustard 59, Olive 60, Pebble 16, Pistachio 56, Rust 62, Sand 58, Sapphire 14, Shadow 08, Shiraz 63, Slate 06, Steel Blue 28, Tundra 69
Fire Rating	Group 1 under AS 5637.1; tested to AS ISO 9705
Sustainability	Contains 60% recycled PET fibre.
Warranty	10 years

Features & Benefits

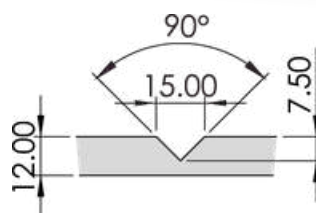

- 90° V-groove profile creates architectural linear texture across the panel surface.
- 7.5mm recess depth creates a defined 15mm shadow gap.
- Acoustic PET construction supports echo reduction and improved speech clarity in shared interiors.
- Dual-orientation installation is supported, with portrait orientation recommended to maintain the intended groove presentation.
- Frameless edges provide a clean, contemporary architectural finish.
- Suitable for wall and ceiling applications.
- Manufactured from polyester fibre containing 60% recycled PET.
- Group 1 fire classification under AS 5637.1 supports internal wall and ceiling lining applications.
- Compatible with other SANA acoustic systems.
- Manufactured in Australia.

Sales Summary

Australian-made SANA Linea panels combine 60% recycled PET, 7.5mm V-groove detailing, acoustic performance and Group 1 fire rating for textured commercial wall and ceiling applications.
